

In the months leading up to Behavioral Health I/DD Tailored Plan launch, the Department will reassess Behavioral Health I/DD Tailored Plan eligibility for beneficiaries who were previously identified as meeting the Behavioral Health I/DD Tailored Plan eligibility criteria based on a more recent lookback period. Those beneficiaries who no longer meet the Behavioral Health I/DD Tailored Plan eligibility criteria (e.g., do not have the required diagnosis and/or service utilization in the relevant look-back period) will be auto-enrolled in Standard Plans.

**The Bottom Line: After July 2021 some who were eligible for Innovations will not be eligible for the Tailored Plan, but many will retain their eligibility. Stay on top of eligibility requirements, policy updates, and contact your State Rep.**
